

Vintage Cakes

In this tutorial you will learn how to make this custom two tier Vintage themed cake.

What you will learn:

- Dressing your cake board
- Creating custom swags in fondant
- Creating unique appliques for a stunning effect
- Creating pearl borders
- Creating pom pom flowers and frill decorations
- Creating custom cake stands
- Using custom molds, strip cutters and hot new tools in cake decorating
- How to support a tiered cake

As with any video you purchase you will gain access to our private student forum where you can ask me any questions along the way. Additionally, you will receive all class materials covered in pdf form, making it easy for you to print out items covered in class for quick reference when you are making a recipe or while following along with the video.

Most items used in our videos can also be found in our online shop at epicdelights.com/shop.html

Be sure to email us to be added to the private student forum if you didn't receive an email when you purchased the DVD. Sometime spam filters prevent our forum emails from getting to you, so be sure we are not labeled as "junk"!
